

I RISE TO REMARK

BY JOHN PHILIPS

The vote on the European Recovery Plan was 329 ayes, 74 noes, 5 live pairs, 19 not voting or absent, and 3 vacancies. I could say jokingly that the bill was not strictly European; that it did not guarantee recovery, and that what it lacked most was any evidence of a "plan." The decision was too serious for joking. I am convinced that the United States is now committed, for four years, to a policy which must, unless we do another about-face, as we did on the Palestine issue, lead to regimentation, probably to war, and inevitably to the loss of the liberties which have made this nation strong enough for the whole world to lean on.

If, in attempting to save the world, we lose our own liberties, and thus, like Samson, are rendered impotent, we have done double damage. By refusing to believe the plain pages of history, we have sold the world into slavery, including our own children.

I wrote, in my letter of March 4, which curiously was picked up by several papers outside the District, of the differences which often existed between an IDEA (supported by skillful propaganda) and the BILL upon which the legislator had to vote. Again, on April 1, I wrote of the inconsistencies in present foreign aid policies.

My plea then, as on the floor, was to maintain an open mind, and that we might be honest with ourselves and with the people. The charge was made more than once that if the representatives would vote their own convictions, after hearing the arguments, and particularly if they voted by secret ballot, there would not be 50 ayes. I do not believe that. If I did, I would fear the fate of America. I am convinced, if this were not an election year, and if there had been time to analyze the conflicting arguments, the vote would have been closer. It would still have been carried. Only time will tell which vote was right. Here are several points on which my final decision was based. It would take pages to list and discuss the arguments.

(1) Without exception, polls taken by congressmen, showed the people at home willing to take a chance on a one year aid program, to feed people, to rehabilitate nations. This bill commits the United States to a four year program, largely in support of present governments. (2) If socialist states are wrong and a nation of free people is right, then how do we help the cause of freedom by sustaining socialist states, which take the profits from the resale of the commodities paid for with American dollars, and tell the people we support them? (3) The President, in his speech, bravely recognized that the approval of ERP carried with it the return of controls, the OPA and all its hybrid and alphabetical cousins. History shows undeniably that the liberties of the people would be lost. (4) The foreign ministers, meeting in Paris, did not ask the United States for the amount of money authorized in this bill. They expected to carry some of the load themselves, with the balance spread over a wider base. (5) I would willingly provide food for the hungry. This is not the primary objective of this bill. (6) Down here we have less and less confidence in the state department, and in the president's advisors.

(7) One of the largest newspapers in England, polling its readers, found them against the plan, England is supposedly the greatest beneficiary under the plan, and the most urgently in need. (8) The plan contemplates a further drain on oil, and other scarce materials. (9) Some of the most ardent supporters were American businessmen which would profit financially. (10) The bill does not require an administration separate from the state department, the Herter Committee's first recommendation. (11) We ship strategic materials to Russia, and to countries on both sides of the iron curtain, which in turn ship to Russia. (12) I am allergic to steamrollers, Democratic or Republican. (13) Before I vote to load an additional \$600 per family (actually more in our district), particularly on top of \$1000 per family for the present Truman budget, with more for national defense expected, I want to be more sure these dollars will get the results we want them to get.

You can imagine the confusions, the inconsistencies, the struggles to decide a question which might in itself be deciding the future of the nation. I voted "no." How would you have voted?

Candidate For Meanest Man Appears In Park

With the disappearance Tuesday of the Cancer Fund contribution container plus contents from the Buena Park post office, nominations are in order for the position of "meanest thief" in town.

Buena Park's quota of \$600 will never be reached if this character picks up the containers before the drive is over.

VOL. XXI—No. 25

Kelley Has Headquarters In Anaheim

Convenient campaign headquarters will be located in Anaheim for the third district. It is necessary due to the numerous requests from interested registered voters to work for the welfare of Haskell A. Kelley for supervisor.

At these headquarters, literature will be supplied. There will be an information registrar and Kelley will welcome from each individual and community, any suggestions and information regarding their problems, since he believes they represent the beginning of good government.

Red Cross Drive In Cypress Is Now In Progress

The chairman of the Red Cross membership drive for Cypress, A. E. "Pat" Arnold, has announced that the annual solicitation for members of the organization is now in progress.

Besides the fact that to support the Red Cross is to support a worthy cause, and the committee hopes that you will observe the slogan to "Give and give gladly," it is especially important this year locally because the solicitors who may come to your door are taking a census of the population in our community and also making a check of the registered voters. It is a big undertaking and will require many hours of work for a few, but the only thing asked in return is cooperation when called upon for this information.

Completion of Fire Station Expected Soon

A new member, "Smitty" Smith was taken into the Cypress Volunteer Fire Department at its meeting Monday night to replace Joe Baker who moved to Arizona.

A new fire siren has been purchased by the department and will be located temporarily behind the M and H Market with a telephone hook-up so when the phone rings the siren will be automatically set off.

The new fire station is about half done and it was announced that a 30 foot street in front has been opened from Electric to Walker streets and will be graded and oiled as soon as the ground becomes dry enough to permit the road equipment.

Another dance will be sponsored by the fire department on April 17 with the proceeds to go into the fund to furnish the new fire station when it is completed.

Early California Depicted In Ramona Pageant

A brilliant and romantic spectacle of California in its early days will be presented as a pageant in the breath taking scenic Ramona bowl in a valley of blossoming fruit trees and spring flowers, with the majestic snow covered San Jacinto mountains towering above.

Many organizations and groups plan to attend performances of the 1948 centennial production of "Ramona," California's famed historic outdoor play near Hemet. Playing dates for this 21st season of Ramona will be on Saturday and Sunday afternoons, April 17 and 18, April 24 and 25, and May 1 and 2.

Anaheim School Music Groups In Concert

There'll be "Spring in the air" when the curtain rises on over 250 student musicians at Anaheim Union high school on the evening of Friday, April 9. Finishing touches are being added to the concert pieces which will be presented by the combined forces of the Anaheim music department. Featured on the evening's program will be the concert band and orchestra under the direction of William A. Cook, and the glee clubs, Harmonettes, and 90-voice mixed choir directed by Milton B. Young. After presenting selections individually, the various groups will combine for the final selection which promises to thrill everyone in the audience. Curtain time is 8 o'clock.

With Friends And Neighbors In Cypress

Dr. Raymond Temple has returned home from a three-day dental convention which convened at the Biltmore hotel in Los Angeles. He is a member of the executive board representing Orange county.

P. E. Chambers is enroute to Arabia where he has been employed as a construction engineer. Mrs. Chambers and their daughter will remain at the family home on La Salle street.

Mr. and Mrs. Charles Heikes and family left this Wednesday morning to make their home in Lenore, Kansas, where they will engage in wheat farming. Mr. and Mrs. Joe Boohar, who have been making their home with the former's brother-in-law and sister, Mr. and Mrs. Herman Scott, will move into the Switzer home vacated by the Heikes.

Guests entertained at dinner Sunday by Mr. and Mrs. A. H. Stempel were Mr. and Mrs. Harry Bartley of Long Beach and Mrs. Mary Hamilton and daughter, Mary Lois, of Glendale. Mrs. Stempel and Mrs. Hamilton are friends of long standing in their former home in Colorado.

Mrs. A. E. Arnold spent the past week making daily trips to Long Beach to assist Mrs. Durdward Miller who recently returned home from the hospital with a new baby.

Mr. and Mrs. Arthur Collins and family were Sunday dinner guests in the home of Mrs. Collins' parents, Mr. and Mrs. E. J. Bickel, of Redondo.

Mrs. Chris Rogers is spending a few days at the home of her son-in-law and daughter, Mr. and Mrs. W. D. Woodruff, in Huntington Beach taking care of David Bruce, Mrs. Rogers' newest grandson.

Mrs. Maybelle Dyer is in Winters visiting with her son and family, Mr. and Mrs. Hector Dyer.

Mrs. Irene Santhoff had as her recent guests, her son and daughter-in-law, Mr. and Mrs. Charles Santhoff and their children, Bobby and Betty, and Mrs. Dora Kelly, all of Pasadena.

The H. A. Kelleys were week end guests of Mrs. Kelley's uncle and aunt, Mr. and Mrs. W. F. Draper in Cambria.

Mr. and Mrs. Elmer McWilliams left last Thursday for Victorville, intending to stay overnight, but Mrs. McWilliams became ill and they returned the same day.

Mrs. Mattie Freeman is reported as being quite ill at her home on Walker street.

Mrs. Jack Junker, Mrs. Dean Olmstead and Mrs. Ray O'Halloran spent one day last week in Hollywood and while there they attended the broadcast of Queen for a Day.

Rev. and Mrs. Eric Jorden, Mrs. J. E. Stogdill, Mrs. Frank Davis and Mrs. Guy Smith made up a party from the local Nazarene church who attended a coast-to-coast convention at the Breese Avenue Nazarene church in Pasadena last Thursday. These conventions will be held in 30 cities across the continent and will feature three outstanding missionaries from this country and one missionary from a foreign field. The one heard on Thursday was a native of India.

The Centralia Parent-Teacher association will meet at 2 o'clock in the school auditorium next Monday afternoon. A good speaker has been secured and new officers will be elected.

Cypress Community Club will meet Tuesday afternoon in the home of Mrs. Emily Fernandez on Lincoln boulevard.

Mrs. George Pike, who has been very ill in the hospital, is much improved and has returned home.

Finish Alamitos Fire Station

The new fire house has been completed with the formal opening scheduled for May 8. At a special meeting last night in the fire station, the Firemen's Auxiliary made plans for open house to be held on that day from one o'clock until five in the afternoon. The evening will feature a benefit dance with tickets to be sold for \$1.50 per couple. Music will be furnished by the Naval Air Station band and refreshments will be served free to those attending.

OUR DEMOCRACY—by Mat

HOW DOES YOUR GARDEN GROW?

IN GRANDFATHER'S DAY, THE GROWING OF A FRUITFUL GARDEN WAS FELT TO DEPEND UPON A SPECIAL KNACK—THE SUCCESSFUL GARDENER WAS CREDITED WITH HAVING A "GREEN THUMB."

TODAY, WE HEAR LESS OF GREEN THUMBS AND MORE OF TESTED SEED—SOIL PREPARATION, FERTILIZATION AND CULTIVATION... NOW, MORE OF US CAN HAVE THE SATISFACTION OF GROWING A SUCCESSFUL GARDEN.

A COUPLE OF GENERATIONS AGO, TOO, THE MAN WHO GOT AHEAD FINANCIALLY WAS OFTEN CREDITED WITH A SPECIAL KNACK. TODAY, WE RECOGNIZE NO SPECIAL KNACK WAS NEEDED—BY REGULARLY SETTING ASIDE MONEY IN LIFE INSURANCE, SAVINGS ACCOUNTS AND U.S. SAVINGS BONDS, ALL OF US ARE ABLE TO GET AHEAD—TO GET MORE SATISFACTION OUT OF LIFE WHILE PROVIDING FOR FUTURE NEEDS.

IT'S BEING SAID - IN CYPRESS

That when Bill Reed read the paper last week, it wasn't only his boiler in the cleaning shop that he blew, but his top too, figuratively speaking. It seems there is a technical difference between a ten horse power boiler and a ten horse power motor, in addition to a typographical one. But we don't believe too literally in the philosophy expressed in the popular musical number that "the best things in life are free." So for the extra publicity we exacted our pound of flesh—a free press job on a Sunday suit.

That little Frannie Joan Harvey is now all of two weeks old and her daddy's feet once more touch terra firma. So you can now speak to him about business—paints, wallpaper and venetian blinds, etc.

That Richard G. Wallace wants it known that he is the local shingler. We thought we heard him the first time, but he insists he said shingler. It seems he started out in life to be a printer, and swears he operated a foot treadle press and worked in a shop which sported a great green shield hung on the wall which was put there for the convenience of the pressmen so they could raise their eyes to the restful shade of green and relieve the strain. For some reason or other "Dick" was dissatisfied with the life of a printer and yearned for a more elevated position so he became a roofer.

That Earl Essex personifies the nursery rhyme "a diller a dollar"—you know, what makes you come so soon? A meal at breakfast time is a little out of Earl's line, so he takes forty winks and walks into the breakfast Club meeting even later than the time erroneously stated in last week's calendar.

That when the Boston Red Sox finished its pre-season schedule last week, Bobby Doerr was one of the three who had a batting average over 400. Bobby is a brother of Stan's, which makes him uncle to Tommy, one of his greatest admirers.

SON BORN TO H. H. HASTINGS' IN BERKELEY

A son was born to Mr. and Mrs. Herbert H. Hastings, of Berkeley, on March 31, and weighed six pounds, eleven ounces. The baby has been named Jeffery Howard.

Mrs. Hastings was the former Eureka Lyen, daughter of Mrs. C. Frank Lyen and the late C. Frank Lyen. Hastings is the son of Mr. and Mrs. Herbert H. Hastings, Sr., of Anaheim. Both young people were graduated from Fullerton junior college in 1942 and later attended the University of California in Berkeley where he was graduated in mechanical engineering and Mrs. Hastings in music. They were married in Fullerton in 1945. The couple have many friends in this vicinity who received the news of the baby's birth in the form of an original announcement picturing a clever blue bunny and the words "The Easter bunny brought me."

Mr. and Mrs. R. C. Cawthon had dinner Sunday evening with their son-in-law and daughter, Mr. and Mrs. Muri Jasper in Long Beach.

Dr. and Mrs. W. O. Dalke, of North Hollywood, were the guests of Mr. and Mrs. George Worthington Thursday and Friday of last week. The Dalke's and the Worthingtons are friends of long standing.

Permit Granted To Retail Groceries

After receiving a permit to operate a retail egg market in his newly constructed building on Lincoln Blvd. about a mile east of Cypress, I. H. Ihnen applied for a permit to sell groceries at the same location. The county planning commission disapproved of the application, claiming there were no existing businesses in the immediate vicinity. However, at a meeting of the board of supervisors, the decision of the planning commission was overruled, and the permit granted.

Supervisor James A. Baker contradicted the statement of the planning commission that there were no businesses in the vicinity by stating there were six chicken ranches, one rabbit ranch, two dog kennels, a dentist office, a nursery and a pet shop in the surrounding area.

Legion Auxiliary County Council Meets In Park

The American Legion Hall in Buena Park will be the scene of a meeting of the Orange County Council of the American Legion Auxiliary on Tuesday, April 13.

The birthday dinner of the council will be served at noon. The poppy posters of the 21st district will be judged. As a special entertainment feature, Mrs. Fred McKenzie, president of the local auxiliary, has arranged for a school chorus of 40 voices to sing.

President of the council is Mrs. Jack Groff and Mrs. Dessie Rodabaugh is chaplain.

Eight New Homes Will Be Built

Several parcels of real estate changed hands during the past week and include sites for nine new homes in the Cypress area.

Clayton Paschal and Robert Philley have jointly purchased eight lots on Newman street from the Cypress Realty company and the new owners are planning the construction of eight new homes.

J. L. Siebenagartner of Artesia has bought a lot on Denni road, south of Lincoln boulevard from Paul Corley and also plans to build a home. E. Alameda bought 20 acres of land on Orange avenue from Dale Cox. Alameda said he intended using the land for pasture.

ANAHEIM HI PRODUCING OPERETTA

May 7 and 8 are the dates set for the presentation of the operetta "Meet Arizona," a new musical written by the late Charles Wakefield Cadman.

The Anaheim Union high school production will be one of the first performances given of the operetta, since it has been published only two months.

Speaking with Cadman's inimitable lyric beauty, the music of the show is fresh and full of variation. The setting is an Arizona dude ranch, so it will be possible to make the staging very colorful.

"Meet Arizona" will be the first operetta to be presented by Anaheim Union high school in several years. Director Milton B. Young is very enthusiastic over the prospects of outstanding performances. According to him "there is lots of talent to work with, and an unusually fine outlet for it." Miss Ruth Phelps will be in charge of dramatics, Mrs. Norma Elliott, dances, and William A. Cook, the orchestra.

The usual good food and good time which is always present when these folks meet together, were enjoyed. Attending were Mr. and Mrs. Dave Weber and daughters, Joan and Louise, and Georgia Lee Monroe of Huntington Park; Ralph Worthington, El Monte; Mr. and Mrs. George Worthington, Mr. and Mrs. George Pike, Leroy Pike, Mr. and Mrs. W. C. Miller, Mr. and Mrs. Hugh LaRue, Mrs. R. M. Fuquay, Mrs. Sarah Miller and Mr. and Mrs. Nabower.

CORRECTION

It was erroneously stated in the April 2 issue of this publication that the Cypress cleaners had installed a ten horse power motor. This should have read ten horse power boiler.

Intersection Stop Signs Requested

At a meeting of the County Traffic Safety committee held at Santa Ana last Thursday night, Jack Fullerton, president of the West Orange County Safety committee, requested a four-way boulevard stop at Walker street and Lincoln boulevard, declaring the stop signs are necessary as a safety measure.

The state highway department is taking the matter under consideration although they are "not convinced" that the signs are necessary on Lincoln boulevard, which is both a state and U. S. highway.

Residents claim that through traffic on the highway is so fast it endangers the lives of children who must cross the street when attending school and of all others in the community.

Post Offices Show Gains

The post office in Cypress leads in the percentage of increase over the seven unincorporated communities in West Orange County with 71 per cent.

Mrs. Ruth Pugh, local acting postmaster, said her office received \$2619.75 during the first quarter of this year as compared with \$1584.66 during the same period of 1947, a gain of \$1135.09. She stated that she believed the gain was due to the 150 new families who moved into Cypress manor tract homes during the year, and to the 36 lock boxes placed in the post office by the chamber of commerce.

Los Alamitos post office gained 20 per cent, according to Mrs. Blanche Dunn, acting postmaster, with a jump of \$271.45 this year. She predicted a much greater increase next year with 85 of 320 homes in Alamo Ranchos tract already completed and the balance to be completed during this year.

April Is "Fight Cancer" Drive Month

It is said that, "cancer will kill one American every three minutes in 1948, and one out of every two families will be struck by this dread disease. It is estimated that 137,000 Americans will die from cancer this year."

The American Cancer society is engaged in its 34th year of fighting cancer through a coordinated program of public education, medical service, and technical research. The month of April is designated by presidential proclamation for a national campaign of public cancer education and fund solicitation.

The goal to be reached in Orange county is \$30,000, of which \$600 is to be requested from the Buena Park area.

Benefits derived from contributions by Orange county residents include a year around cancer information office, a tumor consultation board, consisting of 20 doctors, a home nursing service, and hospitalization for those unable to meet hospital expenses.

Other funds are allocated to the national organization for grants to finance cancer research and public education in recognition of cancer symptoms.

In Buena Park, the Lions Club has taken the responsibility for raising the necessary quota. The committee consists of Dr. T. I. Durm, C. Leraile, M. Inskeep, Lou Mendel, C. Duncan, Wm. Lyboit, D. Huckabee, M. Yohannson, C. C. Walker and F. O. Rogers.

Containers for contributions have been placed in stores and offices and anyone wishing to mail a check should make it payable to the Cancer Fund, and send it to the office of Dr. T. I. Durm, Buena Park.

Business Group Enjoys Meeting At Breakfast

Despite the early hour, the breakfast meeting of the Business Men's association is being increasingly well-attended and a great deal of enthusiasm is being shown. The most recent meeting was held Tuesday morning at the Pine Cafe at seven o'clock.

President Frank P. Noe introduced the new members who were present, after which the roll call and minutes of the last meeting were read. The members had previously been instructed concerning the election of three new directors, and it was announced that they were Stan Doerr, Earl Essex and Russell Flynn.

The idea was presented to the group by Dick Hathcock that it would be a fine gesture to provide Cypress with some sort of athletic teams such as softball or hard ball and the board was instructed to investigate the matter further.

Beth Kroesen, editor of the Cypress Enterprise, was elected to serve as corresponding secretary of the organization.

The club has been considering the purchase of a weather chart, or gauge, which will be used to measure the precipitation, and the members voted unanimously to secure this by means of money now being held in the treasury.

The meeting was short, concise and to the point and adjourned promptly in time for the members to arrive on time at their various places of business.

Set April 12 To Open School Bids

The calendar of the Cypress school shows a full schedule of events for the month of April, according to Miss Elizabeth Dickerson, principal.

First was the meeting of the Parent-Teacher association held last night in which officers for the new year were elected.

This afternoon, Friday, the P.T.A. sponsored a "get acquainted" tea for the parents to meet socially and become better acquainted, especially the new ones who are moving to the community each week.

At the present time, the enrollment of the school is 403 as compared with 351 at the beginning of the school term and 296 last term. Another purpose of the tea was to discuss plans for the annual school carnival which will take place on May 7.

On Thursday, April 22, the monthly card party of the P.T.A. will be held in the school cafeteria beginning at 8 o'clock. The teachers will be hostesses for this party and the usual card games will be played and prizes awarded. Pie and coffee will be served.

The following evening, April 23, at 8 o'clock, the annual eighth grade play, "Summer Rash" will be presented under the direction of Paul Winsor. The proceeds will go to finance the annual trip of the class to the San Diego zoo which is also planned for this month, the date not yet having been set.

The "Frog Prince," a clever little operetta, will be staged by the members of the combined morning and afternoon sessions of the fourth grade on Thursday, April 23, at 8 o'clock. There will be no admission charge but a silver offering will be taken the funds to be used for athletic equipment.

Although it does not rate from an entertainment standpoint, perhaps the most important event of the month will be the opening by the trustees of the bids for the construction of the six class room addition to the school on the night of April 12. Much interest has been evidenced by the building contractors with 18 sets of plans having been given out. The trustees are anxious to get the building program under way.

CALENDAR

Organizations wishing to have meetings or special events listed in this weekly calendar are invited to contact the News office with their information.

FRIDAY—APRIL 9
Los Alamitos Fire Department Auxiliary—7:30 P. M.—Fire House.

SUNDAY—APRIL 11
Church Services—All churches.

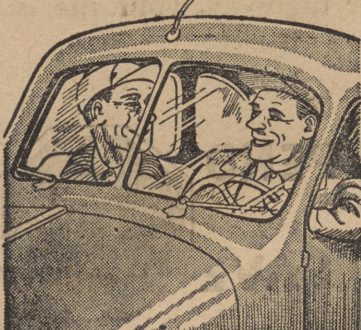

MONDAY—APRIL 12
Centralia P.T.A.—2 P. M.—Centralia school.
Los Alamitos American Legion—7:30 P. M.—Los Alamitos Community Congregational church.
Cypress Chamber of Commerce—7:30 P. M.—Cypress school.

TUESDAY—APRIL 13
Cypress Community Club—2 P. M.—Home of Mrs. Emily Fernandez.

WEDNESDAY—APRIL 14
Los Alamitos American Legion Auxiliary—7:30 P. M.—Los Alamitos Community Congregational church.

SO WHAT — ABOUT TRAFFIC?

So you like Cypress and are glad you chose to live here? Well, what are you doing to make Cypress glad of it? Of the many community activities, which one are you interested in and working for? The strength and growth of your home town depends on your cooperation as an individual in civic affairs.

What are we personally doing about the problem of the terrific speed at which traffic barrels down the highway which is our main street? Don't let's have a tragedy occur before we are brought to our senses. In each of our lives there are days when a particular annoyance becomes unbearable to us. Monday was just such a day on our main street highway. At eight-thirty two of our tiniest inhabitants, one not yet able to talk, appeared uptown to buy a paper doll at a local variety store. One kind-hearted business man with children of his own protected them as they blithely stepped into the oncoming traffic. A few moments later, their mission accomplished, they appeared on the corner to recross the street. Again a business individual snatched them back from danger. On this same morning, before noon, approximately five semi-trailers were observed as they thundered down our avenue at a speed which was so exorbitant that not one of the drivers could have stopped within 200 feet — and if you happen to be in the act of crossing Lincoln on foot or in a car, you wouldn't stand a ghost of a chance.

If you weren't at the last safety council meeting, are you going to be at the next one to help ponder on this serious problem and try to reach a solution? Or are you going to let one or two people "sweat it out" for you and your neighbors?

SO WHAT — ABOUT LOCAL ACTIVITIES?

April is a busy month. There is no need to be idle in support of worthy causes sponsored by worthy organizations. The American cancer society has had April proclaimed as 'Fight Cancer' month, and from its literature we learn some thought-provoking facts to make each one of us stop to consider.

The local chairman of the Red Cross drive has announced that he hopes when called upon that each one will give — and give gladly!

Members of Native Sons and Native Daughters of the Golden West are appealing to the public for contributions to their adoption agency, with headquarters at 3924 Sunset boulevard in Los Angeles.

Because fire is the leading cause of all disasters and catastrophes in the United States, one of the most widely observed of all "weeks" will be announced for Cypress in the near future — "Spring cleanup week," to polish up our town and prevent costly fires.

And don't forget that greatest of all organizations you can help — the United States. All you need to do to support it is to vote. And to vote you must be registered. Don't be a Scarlet O'Hara and worry about that tomorrow. If you haven't already done so, register now!

Uncle Sam Says

Does a \$1,000 in savings seem as elusive as the rainbow's pot of gold to you? Then, think about these facts: By joining the Payroll Savings Plan where you work and allotting just \$2.50 a week for United States Savings Bonds, you will accumulate \$1,440.84 in 10 years. Millions of my nieces and nephews are learning from experience that they can own an even greater amount of Savings Bonds through this partial payment plan. In the event you are self-employed, automatic bond buying is available to you through the Bond-A-Month Plan at your bank. U. S. Treasury Department

"Rambling with Ralph"

Ralph C. Quetschke

We have been reading of the dog poisonings that have been going on in a nearby locality; to this writer, that is as low as a person can get. The work of this culprit made us dig in our files for something we remembered reading several years back. It goes like this, During a lull in the Stygian flames

A group of shades were exchanging names
And telling of places that they had been
With bits of gossip and tales of sin. A lonely shade who was standing by

Approached to speak; but without reply
Each wrapped himself in his ghostly shawl—
Murderers, robbers, and blackguards all—

With a whispered word and averted stare
Vanished and left him standing there.
"Who was he?" I asked as they turned and fled.

"He poisoned his neighbor's dog," they said.

Mary had a little Lamb,
And as they went to school;
They walked to the LEFT—
Instead of the right,
For that's the SAFETY RULE.

Even Mary's lamb can learn that easy safety rule! Best rule of all—for school children and everyone else—is: *Don't* walk on the highway. But if you must, then walk to the left, *facing* oncoming cars. Your chances of avoiding accident are three times better when you observe this rule.

Use special care at night and when roads are slippery. Even at moderate driving speeds, motorists often can't see pedestrians in time to stop. At 40 miles an hour, a safe stopping distance may be as much as 164 feet—much more at higher speeds.

When you walk on the highway, your life is *your* lookout. So—look out!

39½ hours to Chicago

NOW IN
DAILY
SERVICE

Comfort—low cost—fast service. You get all three when you travel on Santa Fe's El Capitan.

This famous, all new, all chair-car streamliner (only Santa Fe operates this type of train between California-Chicago) has roomy, air-conditioned cars—and new, specially designed reclining chairs. Built to actual body measurements, these chairs have new style leg rests for greater travel comfort.

Additional features include non-fogging windows... individual reading lamps... Courier-Nurse service... and those wonderful Fred Harvey meals.

Yet fare is remarkably low. \$48.79 one way, plus \$5 extra fare, plus tax. \$81.25, round trip, plus \$5 extra fare each way, plus tax. And you arrive in Chicago in 39½ hours. Same traveling time as Superchief.

So be sure to travel El Capitan—the streamliner devoted exclusively to economy-minded passengers!

New Law Allows More Take-Home Pay

Instructions for carrying out the withholding provisions of the new revenue act were issued today by Harry C. Westover, Collector of Internal Revenue for Southern California.

Take-home pay will be greater on and after May 1 than it has been in several years as a result of increased exemptions provided by the new act.

Wages paid on and after May 1, regardless of when earned, will be based on the new exemptions. Wages paid between now and April 30, inclusive, are subject to the present tax rates and exemptions. The key word is "paid."

Employers will not make refunds of taxes withheld between January 1 and April 30 under rates currently in effect. Such refunds will be obtained by employees next March when filing income tax returns for the calendar year 1948.

Under the new act each person is allowed an exemption of \$600 — \$100 more than last year. The new exemption is effective for the entire calendar year 1948.

In addition to the increase in each exemption, individuals who are now age sixty-five or who will reach age sixty-five during 1948 will be entitled to another full \$600 exemption for this year.

Individuals who are blind according to optical specifications or who become blind prior to the end of the year are also accorded an additional full \$600 exemption regardless of their age.

These exemptions are allowed the taxpayer or his wife. They may not be taken for dependents. A son supporting his mother over age sixty-five is entitled to claim only one \$600 exemption for her in addition to his own. A husband living with a wife over age sixty-five may take one exemption for himself, one additional exemption for her, and still another exemption because she is age sixty-five.

New withholding tax tables are being printed and will be distributed sometime before the end of this month. These will indicate the amount of deduction to be taken from employees' paychecks on and after May 1 and will cover the increased exemptions as well as the additional exemptions.

No change will be made in the withholding tax report (Form W-1) and present forms may be used.

While the new revenue act increases personal exemptions to \$600, no change was made in the

State Wishes To Preserve Rein Over Tidelands

The Orange county board of supervisors, and the mayors of every California community, have been requested by the California legislature to cooperate in the fight to prevent the federal government from confiscating 1200 miles of California's marginal lands.

The request is embraced in the body of a joint resolution unanimously passed last week by the senate and assembly condemning the tidelands seizure and memorializing congress and President Truman to confirm California's title to the marginal lands.

In Washington the first step toward this objective has already been taken. A joint congressional sub-committee has recommended passage of Senate Bill 1988, which claims the lands to California.

Important emphasis is laid in the joint resolution on the fact that California's beaches and parks are now used and enjoyed by 22,000,000 people annually and that these beaches and parks are supported principally by income derived by the state from the tidelands area.

The joint resolution traces the history of the tidelands ownership by California since its admission to the union as a state a century ago and stresses that the United States Constitution clearly upholds the principle of state sovereignty over lands not ceded to the federal government.

The resolution also stresses that the federal ownership claim jeopardizes title held privately and by the state to harbor developments and industrial sites as well as to recreational areas. In this connection the resolution declares that federal confiscation would prevent further development of the coastal area "to the detriment of the people of the state of California and of the United States."

Newcomers to Cypress are Mr. and Mrs. Albin and daughter, Lois, who arrived Sunday afternoon from Albany, New York. They plan to locate in this community and at present are living at Harvey's Trailer park until they can find a house. Mr. Albin is a carpenter and has already had several offers of work.

definition of a dependent. Any person who will earn \$500 or more during 1948 may not be considered a dependent regardless of whether or not he is blind or has reached age sixty-five.

Help Being Given To File State Returns

Assistance in preparation of state income tax returns will be available at Santa Ana Chamber of Commerce on April 1 to 15, inclusive it was announced today by the Franchise Tax Commissioner's office.

Single persons whose net income was over \$3,000 and married couples whose combined net income was over \$4,500 or in either status if the gross income was over \$6,000 are required to file state returns.

Inasmuch as provisions of the California Income Tax Law differ in many respects from those of the Federal Revenue Act, taxpayers having any questions are invited to call on the state representative to have them answered.

It is pointed out that the above date is the only time when personal assistance will be available in this city and taxpayers are urged to avail themselves of this service in order to justify a representative being assigned here next year.

There is no charge for this service.

War Surplus Buildings Still For Sale

The state has sold 234 buildings to veterans and farmers in the War Surplus Housing sale at Camp Beale, H. H. Jaqueth, chief of the local allocation division of the state department of finance, reported today.

Jaqueth said approximately 217 structures, including two-story barracks, one-story warehouses and messhalls, and other miscellaneous types are still available for sale. Under the state program, the buildings are offered at low, fixed prices for use in providing housing for veterans and their families or for farm labor.

"A two-story barracks, which sells for \$1220, plus sales tax, will provide enough basic lumber and certain other materials for three large, or four small five-room houses," he said. Other prices include 25 by 120 foot warehouses for \$1300, and 25 by 118 foot messhalls for \$1100.

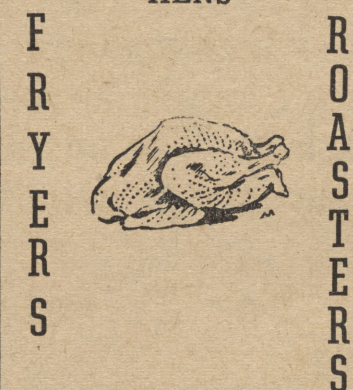

Veterans should apply for a certificate of eligibility to purchase at the nearest county veterans' service office or community service center, taking with them a certified or photographic copy of discharge. Farmers or farm associations interested in housing for farm labor should contact their county farm advisers or Farm Bureau offices.

New Girls' Ball Team In Park Needs Manager

Marion (Shorty) Hill, manager of the Park's famed Lynx, girls' softball team, reported today that recent tryouts have revealed material for another team. Plenty of promising players are anxious to play and the team would be an ideal training step for girls aspiring to play with the Lynx, in the opinion of Hill.

Even a league for the new team to join is available with teams starting this season in Artesia, Hawaiian Gardens and other nearby town. The need is for a manager. Anyone knowing of a prospective manager, or willing to be considered himself for the job may contact Shorty or leave his name at the News office.

D. F. DuBois, contractor and builder of Anaheim, has just completed two store buildings in the 700 block on North Los Angeles street in Anaheim. He announces that he will provide free preliminary estimates of buildings, either commercial or residential, in the Buena Park - Cypress - La Alamos area.

'Psychology' Used In Designing Wallpaper

Wallpaper stylists have taken into consideration the psychological effect of color on the American housewife in designing the beautifully-styled current wallpaper patterns.

"Warm" and "Cool" colors in light and dark shades, if employed correctly, will affect amazing changes in interiors. With the approach of summer, "cool" colors (shades of blue-green, blue-grey) are the most popular, they point out, with injections of a "warm" tone (tints of yellow, orange and red recommended for balance).

Wallpaper can change the physical appearance of a room. For instance, a small widely-spaced pattern will make a small room look much larger.

Park Beauty Named Queen For High School Pow Wow

Buena Park is honored by being the home of royalty this spring. Queen Nancy, elected by the high school students to be Queen of the Pow Wow to be held May 7 in Fullerton, is one of our home town girls, the daughter of Mr. and Mrs. Jack Groff of Thomas street.

Four Buena Park girls were candidates for the honor: Vera Lee, Betty Ann Story, Jackie Mancebo and Nancy Groff. Leslie Bane of Buena Park and Bill Straw of Fullerton were Nancy's campaign managers.

Two other local girls were chosen as attendants to the queen, Betty Sutton, a freshman, and Donna Pyatt, a sophomore.

The Pow Wow is an important event in the high school calendar, with a parade in the afternoon, and a great variety of concessions and entertainment in the evening. The crowning of the queen is a colorful ceremony, and Buena Park is proud of our queen, who has lived here since she was in the second grade of Grand Avenue school.

Mrs. Charlotte Kilstrom accompanied by her son, George, spent an enjoyable day recently seeing the sights of San Diego.

Mr. and Mrs. Joe Kelly welcomed a new little daughter on March 31 in Los Cerritos hospital in Long Beach. She weighed seven pounds two ounces at birth and has been named Karen Faye.

Pan-American Annual Festival In Lakewood

Residents of Cypress will hold "front seat in the center aisle" for a full day of festive song, south-of-the-border refreshments and dances to blood-warming Latin music when Lakewood invites its neighbors to join it in the annual, gala Pan-American Festival, Friday, April 16.

To be held at Lakewood's Pan-American park, Clark avenue and Centralia street, the festival is produced by Lakewood civic and educational organizations as a rousing tribute to intra-American good will and neighborliness.

Climaxing the day-long festive activity will be the evening program which will feature gaily decorated food concessions and free indoor and outdoor dancing to the titillating efforts of a 14-piece orchestra. Afternoon attractions will be a 20-car, five-band parade through Lakewood business districts, and competitive events at Lakewood's big park.

Of a less jubilant nature, but expected to capture the lion's share of spectator interest is the flag exchange ceremony at nine p.m. which will see consuls representing the 21 Pan-American nations pledge their countries to renewed Western Hemisphere cooperation.

Mexico, this year's honored nation, will be represented by Consul-General Francisco Villagran.

Charlee Arnold Has Enjoyable Birthday

The first birthday anniversary of Charlee Arnold last Thursday was occasion for a merry party planned by her mother, Mrs. Charles Arnold, who invited a group of little friends, most of whom were in Charlee's kindergarten class, to help her celebrate the occasion. Scene of the festivities was the home of Mr. and Mrs. Elmer McWilliams, grandparents of the little celebrant.

An afternoon of games was enjoyed by the little folks and each one was presented with a gift. The exciting interval of opening the birthday gifts was enjoyed as much by the onlookers as by the honor guest.

A pink and blue color scheme was used in the decorations of the refreshment table and the birthday cake, which was served with ice cream, was topped with five blue little girl candles.

Enjoying the afternoon with Charlee were Mrs. M. G. Hunt of Lakewood Village, great-aunt of the celebrant; Mrs. Bill Robins and children, Gary and Leslee, aunt and cousins of Charlee; Mrs. Bill Almand and Rusty; Mrs. Clarissa Higgins and Leonard; Marcia Jorden, Dotty Whitbeck, Allen Lois, Gary Ballensky, Jimmy Kelly, Janice Cracraft, Joan Jones, and the grand parents, Mr. and Mrs. McWilliams.

Sports--

The boys from the local appliance store are about set to wind it up and call it a season in the Elks' 888 classics which holds forth on Thursday nights at the Virginia bowling alley in Long Beach.

Gary Isham, Jim Harvey and Kenny Parfet are members of the team sponsored by Freed Hairs' drugs in Long Beach, and Gary carries a "300" card. The boys turned in scores last week as follows: Gary 564 with a 200 game; Jim, 533 and Kenny 490. Another salesman with the firm, Sam A. Stenbeck, bowls with the E & S Broiler cafe's team in a mixed five-some. Sam has promised that he will bowl a game this week that warrants mentioning the score. He has "trained" by sleeping eight hours each night for the past week. All the boys have bowled in the ABC tournaments.

The appliance store has enough good material on its staff to organize a classics team for the summer leagues. It would be especially interesting if other teams could be formed in Cypress. Lee Stradley sponsors a five-some known as the Cypress Cafe bowling team which is winding up a successful season in the Anaheim league. Anyone interested in forming a team, or joining a group for a team can leave name and address at the Cypress Enterprise office located in Harvey's Hardware store, or call Anaheim 28215.

In most lines of industry and in agriculture, our vast production is doing a fine job of meeting unprecedented demand. We must continue to produce, cut costs, and save more. We must do the right thing about these problems. If each of us will act individually and collectively as we know best, the inflation bogey is dead. Remember that the answer is not always to be found in wage boosts. Rather, we shall be good citizens if we pull together to bring the cost of living down.

Los Alamitos Couple Files Damage Suit

A damage suit for \$12,934.36 has been filed in the superior court by Bernard L. and Veronica M. Miranda of Los Alamitos for injuries received in an automobile collision on April 3 of last year. Scene of the accident was the intersection of Reagan and Green streets in Los Alamitos.

Defendant in the suit is George Hall Inglis, whose car was alleged to have collided with that of the Mirandas. Mrs. Miranda is demanding \$10,500 for her injuries and her husband has asked for \$474.36 for car repairs, \$210 for the loss of its use, \$250 for the expense of taking her to a physician for treatment and \$1500 for the loss of wages while caring for her.

Mrs. Evelyn Pash, who has been spending several months in California visiting her sister, Mrs. A. E. Davis, has returned to her home in Florida.

BIRTHDAY OCCASION FOR SURPRISE

The family of William T. Reed gathered on Bill's birthday, and together with Mrs. Reed gave him the surprise of his life. He not only had one birthday cake, but two, to accommodate the large group.

Everyone in the family came home on that day except Mr. and Mrs. Reed's son, Delbert, who is in the army artillery stationed in Germany. He remembered in the form of a telegram.

Those attending were Mr. and Mrs. Stanley Reed and family; Mr. and Mrs. John Reed and baby daughter; Mr. and Mrs. J. M. Hall and sons; Mr. and Mrs. Wilber T. Reed and son; Mr. and Mrs. Robert Reed; Mr. and Mrs. Dave Humes and Danny Reed. The William T. Reed's live at 8760 East Rose avenue in Bellflower and operate the Cypress Cleaners.

Mr. and Mrs. John Dale Fry and son, Bing, who have been living in Long's Trailer park for the past few months have moved to Tulare.

500 Club Entertained At Miles' Home

Mr. and Mrs. Rollin Miles entertained members of their 500 club Saturday evening in their home on Crescent street.

At the conclusion of card playing Mrs. Ralph Scally was awarded the prize for high score; Mrs. A. H. Stempel, second high, Mrs. Lew White, third, and Mr. White, fourth.

Mrs. Fern Summerfelt of Los Angeles was a special guest for the evening.

Don Baker, son of Mr. and Mrs. Ray Baker, and Garland Sorrells, nephew of Ed Sorrells, left this week for a three weeks' trip which will take them to Katemcy, Texas, and Muskegon, Michigan, to visit relatives.

Roy Wright and L. Smith have announced their candidacy for school trustee to replace Rudolph Webster, who is retiring this year.

False Earnings

By **GEORGE S. BENSON**
President of Harding College
Searcy, Arkansas

WOULD a 3,500 per cent increase in wages or salary interest you? If your income skyrocketed like that, you wouldn't be much worried about the high cost of living, would you? Wait a minute. Are you sure you'd be on easy street? Perhaps you will be surprised to learn that workers in France have had that amount of increase in their money earnings since 1914, and they still lack the necessities of life.

A brick layer in Paris worked 48 hours a week in 1914. He took home 45½ francs a week, slightly less than one franc per hour. But today he gets 35 francs per hour. In 1914 he could buy four quarts of milk for his franc or a dozen-and-a-half eggs. But today for an hour's wages he can buy less than three quarts of milk and barely 7 eggs if he can find them. Both items, plentiful in 1914 are now hard to obtain.

Pull Back THIS MEANS that On Reins there are things more important than increases in wages. The consequences of inflation are such that costs of living manage to keep a step ahead of wage boosts. The lesson is this: the average breadwinner cannot hold his own once the inflation spiral gets going. No matter how often wages are increased, he gets farther and farther behind.

Costs always outrun increased earnings — unless someone stops the spiral. To stop a runaway team, you have to do more than holler "Whoa!" You have to pull back on the reins, set your heels in the dirt, and maybe make a little sacrifice in terms of direc-

tion and effort. Inflation is like that. Some of us fail to see the brink of the precipice ahead. We take our increases, and discount the dire results.

Let's Pull WHEN I LEFT China Together! na in 1936, a comfortable home could have been purchased there for 10,000 Chinese dollars. Today you'd be lucky to buy a loaf of bread for \$10,000. Matter of fact a Chinese friend of mine recently enclosed a \$10,000 note to me in a letter. The note was not a gift, nor a repayment of a loan, nor a sum for investment. It was merely a souvenir, virtually worthless.

Oh, this can't happen to America! Anyone who utters that statement is confused, chances are. Actually it has already been happening to America. The spiral of inflation has cut down buying power, cheapened our money. Today, \$2 are worth what \$1 was worth only a few years ago. This means that if you have insurance or a bank account, the effect of inflation has reduced these by one-half. Loss to sav- ings in this way is very real.

In most lines of industry and in agriculture, our vast production is doing a fine job of meeting unprecedented demand. We must continue to produce, cut costs, and save more. We must do the right thing about these problems. If each of us will act individually and collectively as we know best, the inflation bogey is dead. Remember that the answer is not always to be found in wage boosts. Rather, we shall be good citizens if we pull together to bring the cost of living down.

NOTICE OF ABANDONMENT OF HIGHWAY
NOTICE IS HEREBY GIVEN to all freeholders in the Third road district that the hearing on the petition of Maude E. McWilliams et al, filed on the 23rd day of March, 1948, to vacate, discontinue, abandon and abolish a certain street in the Third Road District, in Orange County, California, has been set for Tuesday the 27th day of April, 1948, at 10 o'clock A.M., at the room of the Board of Supervisors in the Court House at Santa Ana, California.
Said street is described as follows:
That certain unnamed Street sixty (60) feet in width lying along the South line of Lots 19, 20, 21, and 22, Whitaker's Addition to Buena Park, as shown on a Map thereof recorded in Book 25, Page 10, Miscellaneous Records of Los Angeles County, California.
The portion proposed to be abandoned extends from the East line of that certain public highway commonly known as Hansen Street Easterly to the West line of that certain public highway commonly known as Western Avenue.
BY ORDER OF THE BOARD OF SUPERVISORS OF ORANGE COUNTY, CALIFORNIA.
Dated this 23rd day of March, 1948.
B. J. SMITH,
County Clerk of Orange County, and ex-officio Clerk of the Board of Supervisors of said County.
Published Buena Park News April 1, 8, 1948.

NOTICE OF ELECTION FOR MEMBER OF THE GOVERNING BOARD OF THE BUENA PARK ELEMENTARY SCHOOL DISTRICT
NOTICE IS HEREBY GIVEN to the Electors of the Buena Park School District of Orange County, California, that the Annual Election for members of the Board of Trustees of the Buena Park School District will be held on the third Friday of May, viz, May 21, 1948. It will be necessary to elect 1 member.
The polling place for said electors of the Buena Park School District will be at the Grand Avenue Elementary School in the Buena Park Elementary School District.
The polls will be open between the hours of 7:00 o'clock A. M., and 7:00 o'clock P. M.
The officers appointed to conduct the election in the above-named Buena Park School District are: Mrs. Arrie G. Johnson, Inspector. Mrs. Irma Neerman, Judge. Mrs. Elizabeth P. Schofield, Judge (Signed)
PAUL L. GODDING
Clerk-Secretary
March 16, 1948.
Published, Buena Park News, March 25, April 1, April 8, 1948.

GARDEN CHATS

Plant a few hardy "sure-fire" long period blooming perennial plants in your flower border. Then you'll have some bloom between the growing periods of your seasonal annual flowering plants.
GERBERA... are good border plants. They'll flower from six to ten months of the year. Caution: when planting them do not set the crown later than the existing soil level. Better to set the crown higher. These plants will not do well if the crown is covered with soil.
IRIS... there are so many fine, choice varieties you can have blooms from plants some that flower early in the season, some mid-season, while others blossom later, so that you have iris blossoms for at least two months in the year.
SHASTA DAISY... will bloom off and on for at least three months. I've seen some blooming sparsely, even in the winter time in Altadena.
PERENNIAL PHLOX... will start flowering in June and the last blooms will be hanging on way on into October. There are a number of fine varieties in color and height of growth to suit any size of flower border.
ASTER FRIKARTI... From about May, way into October these plants bloom continuously. A good color to add to your garden.
CARNATIONS and PINKS... planted in groups in the forefront of the border will produce blooms and will continue to blossom for months.
